# What are the Secretariat objectives?

Support a **bottom-up approach** to energy transition through processes that happen collectively and locally

Empower **EU's island communities** to move from clean energy vision to clean energy action

Match **bottom-up initiatives** with expert support that has a real impact on projects happening on the ground

- Reach over half of the **EU's islands communities**
- Provide **technical assistance** to 40 islands
- Address **policy and regulatory barriers** to energy transition
- Develop a **pipeline of bankable** clean energy **projects**
